The book of secrets 112 meditations pdf

The principles and practices of Tantra are revealed by one of the greatest spiritual teachers of the twentieth century in The Book of Secrets: 112 Meditations to Discover the Mystery Within.In this comprehensive and practical guide, the secrets of the ancient science of Tantra become available to a contemporary audience. Confined to small, hidden mystery schools for centuries, and often misunderstood and misinterpreted today. Tantra is not just a collection of techniques to enhance sexual experience. As Osho shows in these pages, it is a complete science of self-realization, based on the cumulative wisdom of centuries of exploration into the meaning of life and consciousness. Tantra—the very word means “technique”—is a set of powerful, transformative tools that can be used to bring new meaning and joy to every aspect of our daily lives.Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world. by Osho Home / Authors / Osho / The Book of Secrets: 112 Meditations to Discover the Mystery Within23,500KsCreamy Paper.....! / Premium Quality.....! It further states that anybody in the world will be able to find at least one such technique to work consistently for them. I would be inclined to agree with this assessment. I almost immediately found several techniques in this book which worked for me on the first few tries. Anybody who is having trouble with meditation should experiment with this book.Written by a Library Thing customer.Helpful?December 13, 2009Along with “Dune” by Frank Herbert, and “The Power of Myth” by Joseph Campbell w/ Bill Moyers, Osho’s “Book of Secrets” is one of the books that had the deepest impact on my life. Even a full decade after I first fell in love with it, I still come back and Osho’s words fill me with such peace and comfort -- with the feeling that everything is exactly as it should be, that I can accept myself right now as I am, that the universe is well-cared-for and in adept hands. With that kind of trust in his expert guidance, I was able to achieve some extraordinary things in meditation. A book to cherish and read again and again.Written by a Library Thing customer.Helpful?March 16, 2010“As a Seeker you must learn a much higher code of conduct then just those taught to you as a child. This requires your willingness to integrate many points of view. What wisdom list would be complete without at least one more perspective about the divine? Start with your own then try the Book of Secrets. Non-dual perspective. Very challenging for most Westerners but worth the effort.”Written by a Library Thing customer.Helpful?March 7, 2007I love this book, Osho has so many interesting things to say. The whole thing has a very conversational tone and you really get what he is saying.Written by a Library Thing customer.Helpful?January 17, 2016This is written by Bagwan Shree Rajneesh.It is simplified question & answer about Tantra, the sacred way of love & sexual intercourse.I like it very muchWritten by a Library Thing customer.Helpful?Customer Q&AGet specific details about this product from customers who own it.About our pricesWe're committed to providing low prices every day, on everything.
